

Abrigo unveils Abrigo Community Lending software built for community financial institutions

Austin, Texas, March 8, 2023 – Abrigo, the leading technology provider of compliance, credit risk, and lending solutions for financial institutions, announced Abrigo Community Lending, new lending software built specially for banks and credit unions with up to \$500 million in assets.

Institutions of this asset size make up nearly 20% of the Georgia market, and many are looking to stay competitive with larger institutions.
