

Abrigo unveils Abrigo Community Lending software built for community financial institutions

Austin, Texas, March 8, 2023 – Abrigo, the leading technology provider of compliance, credit risk, and lending solutions for financial institutions, announced Abrigo Community Lending, new lending software built specially for banks and credit unions with up to \$500 million in assets.

Institutions of this asset size make up nearly 30% of the Missouri market, and many are looking to stay competitive with larger institutions. Abrigo Community Lending provides a robust deal summary page and role-based dashboards that give bankers easy access to data needed to process loan requests, manage pipeline, and close deals faster.

The screenshot displays the 'Loan Officer Dashboard' interface. It features a search bar at the top, a navigation sidebar, and several key sections:

- Recently Viewed Customers:** A list of four customers: 'Jim's Auto Shop', 'Central Barber Shop', 'Local Bakery', and 'Lottie's LLC'.
- Outstanding Document Requests:** Two requests are shown: one for 'Central Barber Shop' (1 of 3 documents uploaded) and one for 'Lottie's LLC' (0 of 4 documents uploaded).
- My Loan Pipeline:** A table showing five loans in various stages of the pipeline, such as 'Underwriting' and 'Internal Approval'.
